## *Children Of Promise (COPS) Empowerment Sessions*

*Equipping the Next Generation to Walk Boldly in God's Promises*

---

### **Raising Leaders, Shaping Identity, and Planting Purpose in Young Lives**

The **Children Of Promise (COPS) Sessions** are empowering, faith-driven mentorship gatherings created especially for **youth and young adults** who are discovering who they are and where they're going in life. In a world full of distractions, labels, and pressure, these sessions exist to remind every child that **they are chosen, covered, and called.**

Through biblical guidance, interactive group discussion, creative learning, and character-building activities, our mission is to help this generation live as **leaders—not followers**, and to confidently embrace their identity as Children of Promise.

At *Families of Victory*, we believe every child is **born with divine potential**—and it's our responsibility to unlock it.

---

### **What We Believe About Children of Promise**

We affirm:

- That every child is **created in the image of God**, with gifts, purpose, and promise
  - That young people can walk in **truth, identity, and integrity** from an early age
  - That mentorship, love, and faith-filled teaching can **transform futures**
  - That when children know **who they are in Christ**, they become strong leaders in society
  - That the next generation needs **safe spaces** to grow, express, and believe again
-

---

## Closing Encouragement

“But you are a chosen generation, a royal priesthood, a holy nation, His own special people...”  
— *1 Peter 2:9*

They may be young, but they are powerful.  
They may be learning, but they are already leading.  
They are the Children of Promise—**and their future is filled with victory.**
